Date	17/10/2022
Team ID	PNT2022TMID12375
Project Name	AI-based localization and classification of skin disease with erythema
Maximum Marks	4 Marks

Empathy Map :

An empathy map is a collaborative tool teams can use to gain a deeper insight into their customers. Much like a user persona, an empathy map can represent a group of users, such as a customer segment.

Example: AI-based localization and classification of skin disease with erythema
